7) VOLUME INCREASE
8) VOLUME DECREASE
9) USB PORT
10) EARPHONE JACK

PLEASE READ AND FOLLOW THESE INSTRUCTIONS BEFORE USING YOUR MP4 PLAYER.

INSTRUCTIONS

ON: To turn on, push Power Switch to the ON position, then press and hold the (play) button for 3 seconds.   The LCD Screen will light up and display a welcome logo while it is turned on.

OFF: To turn the player off, press the (play) button for 3 seconds or pus the Power Switch to the OFF position.   Your player will turn off.

CHARGING: This MP4 Player includes a built in rechargeable battery.   Before using, plug the large end of the included charging cable into the USB port on your computer and the mini end into the USB port on your MP4 Player.   For the first use, you will need to charge for 8 hours and fully exhaust the battery (for best results).

You can recharge the battery at any time by connecting the MP4 Player to your computer with the USB cord that was provided.

Once connected, the player LCD displays

1. "Power & Date": If selected, the Mp4 is in "USB DISK" mode. You may upload files while the player is being charged.
2. "Power & Player": If selected, you may use the player and access the features while the player is being charged.
3. "USB Charge": If selected, you will charge battery only.

AFTER INITIAL USAGE, BATTERY CHARGING TIME IS APPROXIMATELY 3 HOURS FOR A FULL CHARGE.

COMPATIBLE FILES:

Music: MP3, WMA, WAV

Video: AVI, WMV

Pictures: JPEG, BMP, GIF

Games: NES 8-Digit Games

E-Book: TXT File

ADDITIONAL FEATURES/FUNCTIONS:

2G Memory

USB 2.0 Speed

Power saving setting, adjustable brightness, auto power off

7 Equalizer modes

Synchronously lyric display

Multi-Language supported

TO LOAD MEDIA FILES:

Plug the MP4 Player into the computer with the USB cord provided.

Open "My Computer" on your PC.

Your MP4 Player should be shown in "My Computer" as a Removable Disk – or Removable Storage Device.

Simply "drag and drop" or "copy and paste" your files onto the removable disk.

To maintain the highest level of quality, your Mp4 is pre-loaded with music, video and picture files for factory testing and inspections.   To delete any unwanted files, simply connect the Mp4 to the computer using the instructions above and instead of "drag and drop" for adding media files, select the unwanted file and click "delete."

OPERATING INSTRUCTIONS:

MAIN MENU

In Main Menu, use "Previous" and "Next" buttons to select any of the above modes. Press (play) to enter the selected mode.

In any mode, press and hold the "Escape" button to return to the main menu.

MUSIC MODE:

Select "Music" icon and press (play) to enter the Music menu.

Use "Previous" and "Next" buttons to select the mode to play the songs.

Press (play) button to play or pause the music.

To return to the previous menu, press and hold the "Escape" button.

Music Settings:

Press "Menu" button to enter music setting menu and use "Previous" and "Next" buttons to set the music play mode, for example, music repeat mode, lyric display, equalizer mode, etc.   Once selected, press (play) to confirm.

Lyric Synchronous Display: The player only supports the lyric display when the music file shares the same name as LRC file of MP3 format, and they must be in the same directory.

The Mp4 can display photos while playing music.   During song play, press the "Escape" button to return to the main menu and then enter the "Pictures" mode.

Press and hold the "Escape" button to return to the main menu.
